Enjoy. Breathe. Feel good.

FAUX
SPECIFICATIONS

FAUX PLANTER INSERTS

Our faux plants are high quality alternatives to living plants. Faux plants do not require maintenance, trimming nor watering.

MAINTENANCE

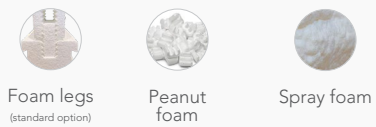

- Plants can be wiped down with a wet paper towel to clean.
- No maintenance, water, and light required.
- Plants placed in high sunlight areas may fade. An annual application of UV protectant spray is recommended.

INSTALLATION

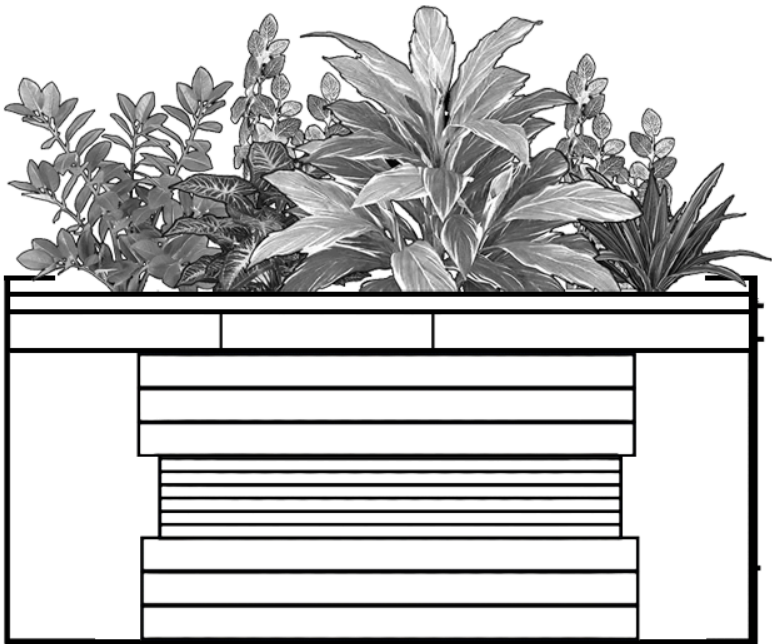

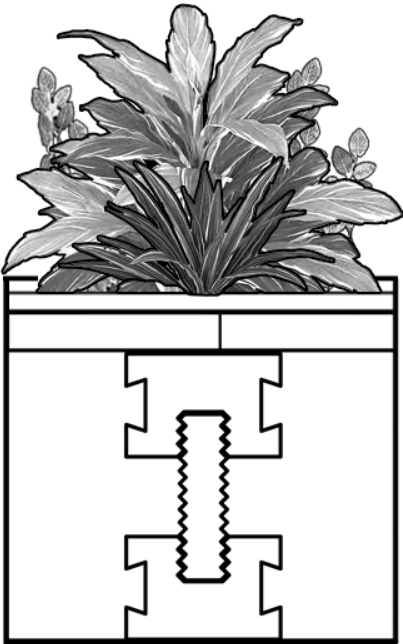

- Planter inserts are placed within existing or provided planters.
- No hardware necessary.

FOAM FILLER

options included

The selection is based on the project's size. Please confirm with the designer.

- - - - - Faux Plants
- - - - - Moss/rock ground cover
- - - - - Foam Panels
- - - - - Foam Legs

GARLAND WITH HOOKS

*Our faux plants are high quality alternatives to living plants.
Faux plants do not require maintenance, trimming nor watering.*

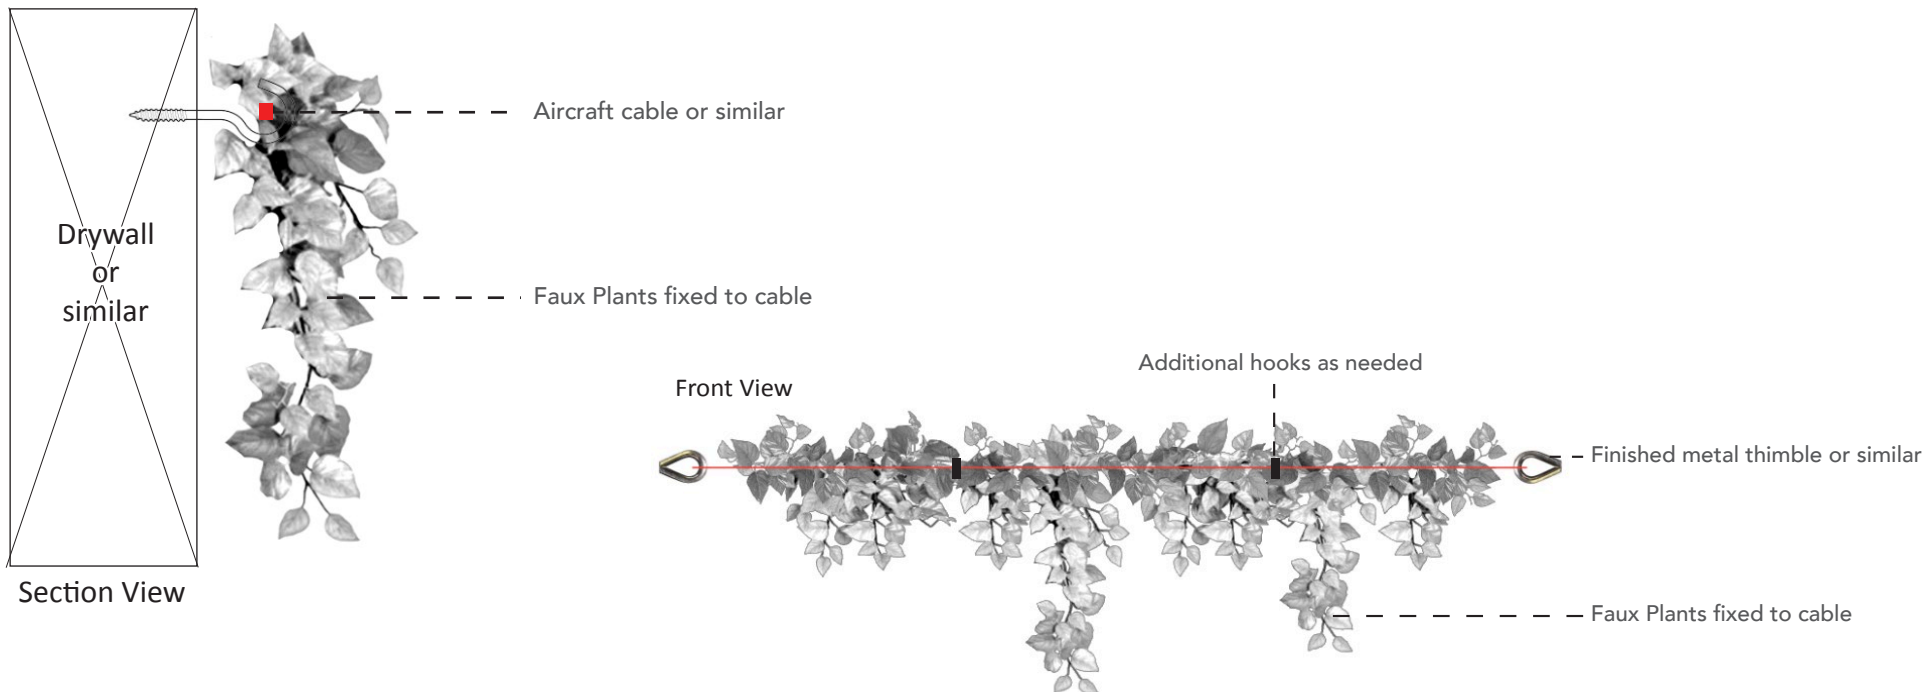

MAINTENANCE

- Plants can be wiped down with a wet paper towel to clean.
- No maintenance, water, and light required.
- Plants placed in high sunlight areas may fade. An annual application of UV protectant spray is recommended.

INSTALLATION

- Our hanging faux garlands are crafted on a galvanized airline cable for durability.
- Each garland features a finished metal thimble at both ends, designed for easy installation using metal hooks secured to the backing.
- The type and number of hooks required depend on the garland's weight and length. Whenever possible, we align the hooks with wall studs for optimal support.

Please note: drilling into support beams, metal, tile, or cement must be handled by a general contractor (GC) or the property owner.

CUSTOM FOLIA PANELS

Our custom folia panels are made using 100% natural preserved moss and high quality faux plants.

MAINTENANCE

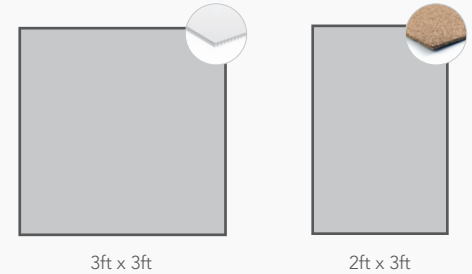

- Air humidity should be above 30% (moss may dry under 30%).
- Faux Plants can be wiped down with a wet paper towel to clean.
- No maintenance, water, and light required.
- Plants and moss placed in high sunlight areas may fade. An annual application of UV protectant spray for the plants is recommended.

INSTALLATION

- Pre-made panels
- Screw or staple panels in place
- Custom sizes and shapes
- Plant moss along edges for seamless look

FAUX FOLIA PANELS

Our Faux Flora panels are designed to resemble live plants. The beautiful, maintenance free, panels are suitable for all environments. Overlapping panels fit perfectly together seamlessly for continuous, natural-looking foliage.

FAUX FOLIA PANELS

Two lines are available for our faux folia panels:

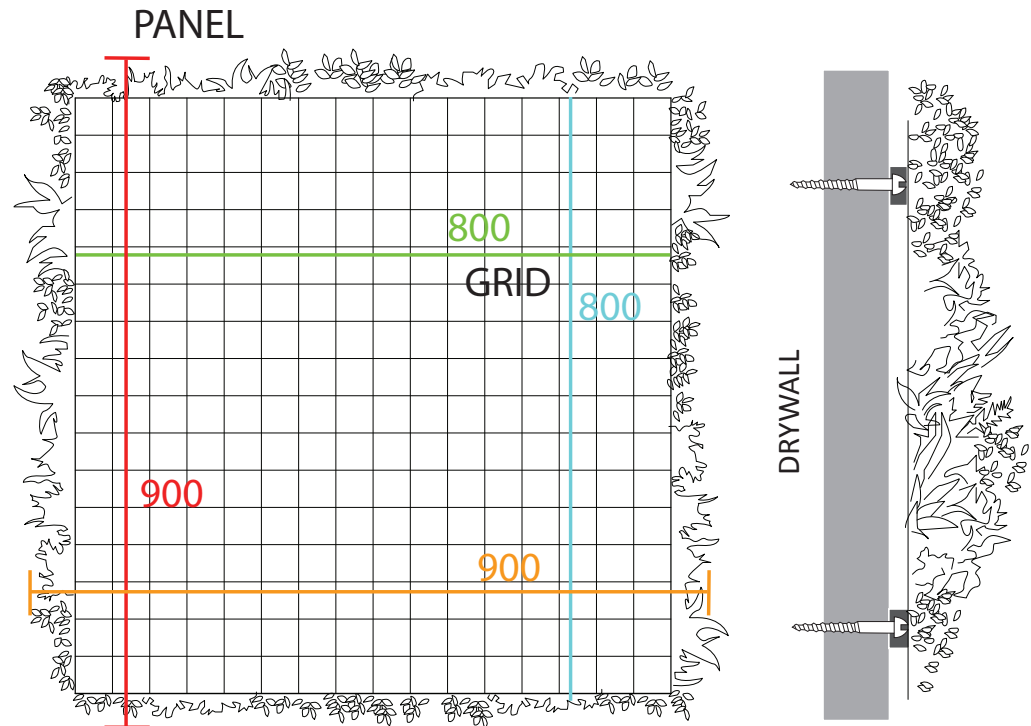

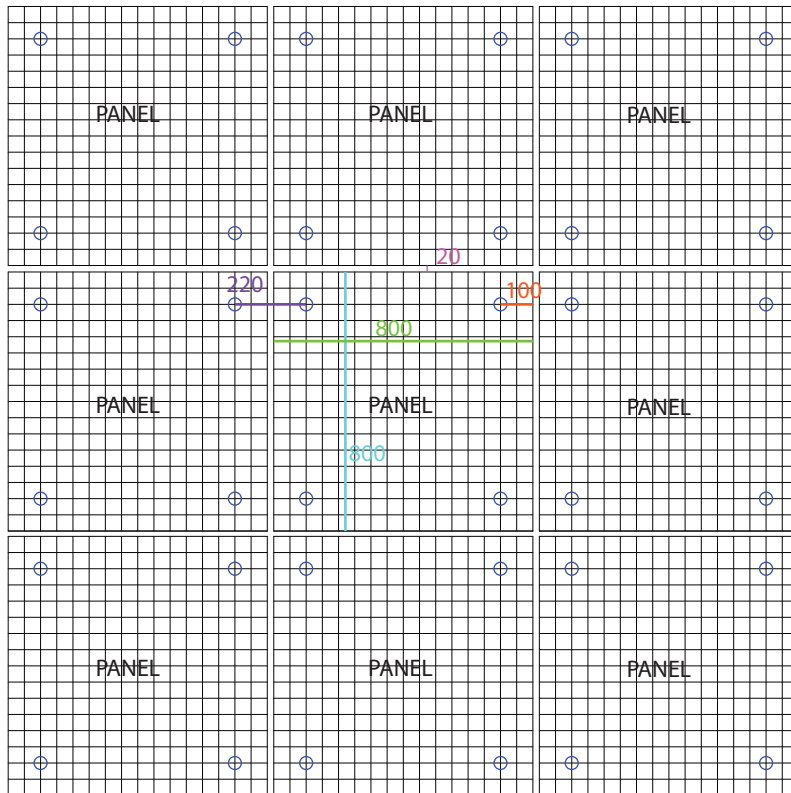

- Faux Flora (rigid background).
- Greenline (flexible background).

FAUX FLORA INSTALLATION

- A template is used to map out anchor locations.
- Each panel is 20lb and is 35.55" x 35.55".
- Anchors are screwed directly into the wall.
- Panels are mounted onto the anchors.
- Panels can be cut down to fit smaller areas.

GREENLINE INSTALLATION

- Each panel is 6lb and is 39.5" x 39.5".
- Panels are secured to the wall using staples or screws. Integrated plastic screw mounts within the mesh provide reinforced attachment points for screw installation.
- Panels can be cut down to fit smaller areas.
