# rough

fiberclay

**The rough collection is the rebellious one of the pottery pots family. With its 'less is more' mentality, the rough collection focuses on the tough character of the pot. The collection, with a fiberclay basis, consists of modern planters with the same characteristic finish in many different colors.**

- Made out of fiberclay (cement/concrete and glassfibers)
- Way of production is similar to earth and clay productions
- Ideally suited for round shapes
- In- and ourdoor
