SERENE SPACER

Our latest product launch, creatively & conveniently designed for your urban space to bring nature to you.

Green is the colour of life.

PLUG & PLAY

The product comes shipped to your doorstep, all you need to do is remove from the box and have fun planting up your design of various species. Create variety and design, and make the Serene Spacer an original to your home or business.

The Serene Spacer is connected to a plug point for irrigation to be set and for plants to thrive.

It comes with either a plate at the base to be free standing, or can be bracketed to the wall. **The choice is yours!**

IDEAL USAGE

The Serene Spacer is versatile and can be used in number of settings:

- Social distancing in restaurants
- Open plan office environments to create mobile meeting rooms
- Living rooms
- Veggie garden in the kitchen
- School classrooms
- Balconies
- Backdrop for online meetings

VERSATILE

Our Serene Spacer can be positioned as one focal element within a living room, or positioned in multiple units side by side to create a wall of greenery.

LIGHTING

It is recommended that each interior unit is purchased with a grow light for maximum plant growth and to keep your greenwall a lush green carpet for years to come.

COMPONENTS

- Frame included with water tank, pump and irrigation
- Frame size – 77" x 35" (1950mm x 875mm)
- 35 bags, 35 pots
- Irrigation plug in
- Either a base plate or bracket supplied with screws to install

HEXA -FIT

There is no waste in nature.

The design of Serene Spacer is inspired by Mother Nature, it fits together seamlessly for a lush, green wall surface.

No gaps – just plant perfection.

HOW IT WORKS

Hidden tanks store water at the base.

Water is circulated through an irrigation system and then filters slowly down from pot to pot back into the tanks.

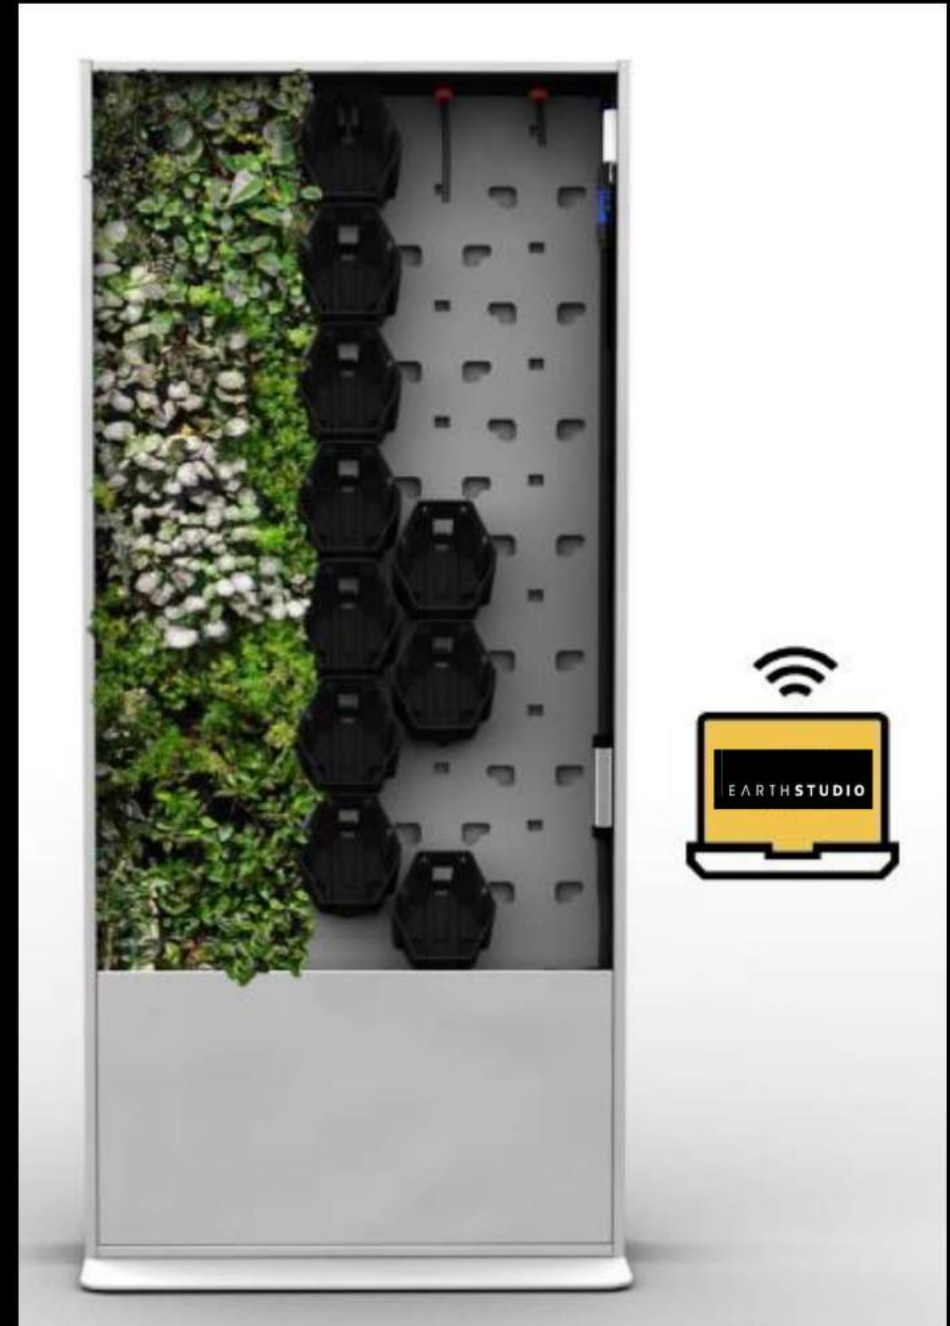

SMART TECH

Upgrade with an optional remote monitoring device.

It connects with a mobile app, which send alerts should there be no power to the pump, or if the water flow stops.

This technology has been custom built to give you peace of mind that your investment is always looked after.

THE FUN PART

Planting up, the choice is yours!

We recommend 5"- 6" size plants, tropicals for interior aesthetic beauty, succulents for balconies and herbs for the kitchen.

Bring colour, bring life and above all, bring health to your urban space.

BRINGING NATURE TO YOUR URBAN SPACE
