Cosapots Planters **NEW** FINISH OPTIONS

Cosapots Planters NEW

**10 YEAR
WARRANTY**

Architect-Designed and Meticulously Handcrafted | Made using top-quality resins and premium fiberglass, Cosapots planters offer exceptional strength, frost resistance, and impermeability without the added weight of traditional materials. Each planter boasts a tall inside rim for extra reinforcement and enhanced visual appeal, along with a raised bottom for optimal water drainage.

The image shows three tall, dark grey, rectangular planters arranged in a row on a paved patio. Each planter contains a variety of green plants, including large-leafed tropical plants and smaller grass-like plants. The background features a modern building with white walls, black-framed windows, and a black outdoor light fixture. The scene is brightly lit, suggesting a sunny day.

"We would like to thank the NewPro team for years of continued outstanding support. We have enjoyed the personalized sales support, fast delivery and attention to detail that NewPro offers. The NewPro team has always been very responsive and patient with our every request. NewPro has grown with us over the years and is a very valued partner in this crazy world of the interiorscape industry."

- **Kim Boyd**, Interiorscaper, Charlotte Plantscapes

"I have worked with NewPro for over 12 yrs. They are a very professional, dependable and helpful group of people! The product always ships on time, the order is always correct, and in perfect condition! In these hurried stressful times, it is a great comfort knowing I can trust and depend on the entire staff to send me what I need free from any need to double check the order, and when they promised. I wish everyone I work with were as dependable!"
